Apparatus Maintenance and Power Management For Energy Delivery

Contract Number: 1199

October 12, 2007

City of Seattle, Department of Lighting700 Fifth Avenue, Suite 3300 PO Box 34023
Seattle Washington 98104

Dear Sir or Madam:

RE: Doble Service & Equipment Agreement
October 24, 1980 - Amendment Number 12

The current period of the agreement under which we are providing Engineering Service including the use of Doble Type M4000 test equipment will expire December 31, 2007. We shall be pleased to extend our Agreement for another one year, but with an adjustment in our annual rates as follows:

Doble Test Assistant	\$1,750.00	M4000 Insulation Analyzer without M4200 Controller	\$18,300.00
M4110 Leakage Reactance Interface	\$2,020.00	TTR Capacitor	\$230.00

All rates are FOB Watertown, Massachusetts.

We trust that you have continued to benefit from the use of our test equipment and services, and that it is your intention to extend our Agreement. Accordingly, we submit the following proposal for extension:

Amend Paragraph 2(a) of our Agreement to include the following Test Equipment and Contract Price:

1	M4000 Insulation Analyzer without M4200 Controller @ \$18,300	\$18,300.00
1	M4110 Leakage Reactance Interface @ \$2,020	\$2,020.00
1	Doble Test Assistant @ \$1,750	\$1,750.00
1	TTR Capacitor @ \$230	\$230.00

Annual Contract Price

\$22,300.00

FOB Watertown, MA, Payable: Annually in Advance

All other provisions and conditions of the Agreement remain unchanged.

We hope that you will find our proposal acceptable. If so, please sign the form of confirmation and acceptance below, and return one executed to us. The second original may be retained for your files.

A purchase order should be issued for record and billing purposes; the "Bill to" address should be clearly noted on the order. To avoid any conflict between the printed conditions of your purchase order form and our Agreement, we request that the following wording be included in your order;

This order is issued for billing and record purposes only, and is not intended to affect the terms, provisions and conditions of the Doble Service and Equipment Agreement dated October 24, 1980, as extended and amended.

Please indicate on your purchase order whether your organization is taxable or non-taxable. If you are non-taxable, please furnish us your tax-exempt certificate.

We will appreciate your kind consideration of this revision, and we look forward to being of continued service to your organization.

Sincerely yours,
Doble Engineering Company

Louis E Cuervo, Jr.

fred.morris@seattle.gov

Dear Fred Morris:

In accordance with your recent request, I am pleased to quote on adding one (1) Doble Type M4000-10-kV Insulation Analyzer (without Doble Type M4200 Controller), with Doble Test Assistant Software License and Maintenance, one (1) Doble Type TTR Capacitor, and one (1) Doble Type M4110 Leakage Reactance under your Doble® Service and Equipment Agreement as follows:

New Total Annual Contract Price, Payable Annually in Advance	\$42,770.00
Current Agreement Total Annual Contract Price, Payable Annually in Advance	\$22,300.00
Change in Total Annual Contract Price	\$20,470.00

Rates listed are FOB Watertown, MA. Shipping and Applicable Taxes are not included.

This quotation is valid until May 9, 2008.

If you decide to modify the current Doble® Agreement, please contact me at 617.393.2998 to discuss delivery arrangements. A formal Amendment to our current Agreement will be made after shipment. Billing for this modification will be prorated from the ship date to the end of the Agreement year. Your current agreement expiration date December 31, 2008 will not be affected.

Thank you for your continued interest in Doble® products and services.

Very truly yours,

Louis E Cuervo, Jr.
